Thesis Registration Information:

MACP students who already started MACP 525 should register in their next thesis course sequence (e.g. MACP 526, MACP 527, MACP 528).

Note that it is the student's responsibility to register for thesis courses. The Registrar's Department only assists students registering for MACP 525.

Students who wish to register for MACP 525 must make formal arrangements with a **Core Faculty Member** to be their Thesis Advisor and have their Thesis Advisor's approval to register for their section of 525.

Once approved, please have your Thesis Advisor **contact Christine** at vanregistrar@adler.edu so as to pre-register you in your appropriate MACP 525 section.
